## Glynn County Need-A-Ride Program

**Need-A-Ride** is an evacuation assistance program for individuals who do not have the means to evacuate Glynn County in the event of a natural disaster. **Need-A-Ride** is not for individuals who need assistance due to limited mobility or specific medical needs but rather individuals who have no access to reliable transportation and/or limited financial means.

*Individuals with Functional, Access, or Medical Needs limitations should contact the Department of Public Health at using the QR code below.*

Individuals participating in **Need-A-Ride** are responsible for reporting to one of four locations in Glynn County to utilize this assistance program. Glynn County will not pick up individuals from their home or any locations other than the four listed below:

**Mary Ross Park   Glynn Place Mall   Harris Teeter on SSI   Lanier Plaza – Pet Friendly**

Participants in the program will be transported to a designated Red Cross shelter. Only one piece of luggage is allowed. No alcohol, drugs (other than prescription) or weapons will be allowed on the buses. Pets will be allowed on the buses at the Lanier Plaza Pick-up location but must meet all requirements.

Dates and times to report to a designated pick-up location will be announced on the EMA Facebook page, FM Radio 104.9 WBHSLP, and CodeRed. CodeRed is communication service for emergency notifications. This system allows us to telephone all or targeted areas of the County in case of an emergency situation that requires immediate action.

**Note: Pets must be in a carrier or kennel. Owners must provide shot records, food, water, collar, leash, and are responsible for maintenance and well-being of their pet.**
